OVER THE BAR

When ordering food at the bar to eat in our very lovely garden please expect a more casual approach to service. We won't 'check back' on your meal and all food ordered will be served at the same time. You'll be given a 'coaster' that will vibrate and flash when your order's ready. When it does vibrate and flash please look out for your waiter/ess and give them a big wave so as they know where to bring your order...

Please help yourselves to cutlery and condiments before going to your garden table.
